

RIVER CITY ARCS NET SCRIPT (April 2018)

Good evening. It is 8:00 p.m., Wednesday, and time for the River City Amateur Radio Communications Society net. This net is for the members of River City ARCS and any other radio amateur who would like to participate. (DROP)

This is (name) (call) your net control operator for tonight's net.

This repeater is N6NA on 145.25 MHz with a minus offset and a PL of 162.2 Hz. (DROP)

This will be a controlled net. Regular members are asked to standby. Please do not transmit unless requested to do so by the net control operator. If an emergency should arise, and you need the repeater, please contact the net control by saying "break-break." A double break signifies emergency traffic. The net will standby for you until the emergency is terminated or the traffic is moved to another frequency. (DROP)

The net will call club members first followed by guests who would like to check in.

Club members will be called in groups by the first letter in the suffix of their call sign.

This is the first letter following the number in your call sign. (DROP)

Club members are asked to respond with their full call sign using the recognized ITU phonetic alphabet.

I would also like each member to indicate the location from where they are operating.

I will recognize each group before continuing. We will start with:

A through D, Please come now <i>[Acknowledge the call signs of those who signed in]</i>	Next, E through H <i>[Acknowledge the call signs of those who signed in]</i>
Next, I through M <i>[Acknowledge the call signs of those who signed in]</i>	Next, N through R <i>[Acknowledge the call signs of those who signed in]</i>
Next, S through V <i>[Acknowledge the call signs of those who signed in]</i>	Finally, W through Z <i>[Acknowledge the call signs of those who signed in]</i>

Are there any late club member check-ins? If so please come now.

We are now ready for guests to check in. I would really appreciate it if you would give me time to recognize each visitor as they check in. Will the first visitor please come now.

Are there any other late check-ins or guests?

This concludes the roll call and check-in portion of the net and the net is now open for discussion under direction of net control.

Stations that wish to be put on the list please come now with your call sign.

[After any traffic has been passed]

We will now proceed with this week's discussion. Tonight's question is _____.

Net control will ask each station checked-in for their comments. *[Poll each station in the order checked in]*

Are there any other stations with items of interest for the net?

We wish to thank the River City ARCS members and visiting stations for their participation tonight.

We also thank the control operators and N6NA repeater users for standing by.

We will talk to you again next Wednesday at 8:00 p.m. The net is officially closed at _____ local time.

This is (name) (call) wishing all of you a good evening.
