Vol. 34 no. 6

MEETING CHANGED TO JUNE 4TH

Due to the Primary Election the June meeting has been changed to Wednesday the fourth.

Erecting an antenna at field day.

FIELD DAY

Field day is the 28 & 29th. The club will return to Dry Creek Ranch. Set up is Saturday morning with operation from 11am Sat to 11am Sun.

The objective of field day is to work as many stations as possible on any and all amateur bands and to learn to operate in abnormal situations in less than optimal conditions.

More information is available at <http://www.arrl.org/field-day>.

From the River City ARCS President:

Our May 6 meeting program featured a review of SWR and antenna matching.

Kudos to the many who participated and visited our booth at the May 9-10 [Annual Farm and Tractor Days](#) at the Dry Creek Ranch in Rio Linda! Many curious students stopped by to ask about amateur radio and to try their hand at Morse Code practice. Our N6NA exhibition station made contacts across the USA on voice, Morse code, JT65 and PSK31. We plan to operate a Special Event station at next year's Farm and Tractor Days.

Coming Events!

June 7 - [Yuba-Sutter ARC Hamfest](#) at Peach Tree Mall in Marysville.

June 28-29 - Our ARRL Field Day at the Dry Creek Ranch House in Rio Linda! We are looking for operators with and without equipment, loggers, food preparation and assistance with set up and tear down. Our Field Day is open to the public and visitors and drop ins are welcome! Sign up at our meeting or online at <http://www.n6na.org/fieldday>

Remember our June meeting is changed to Wednesday June 4 due to the primary election on Tuesday. Join us this coming Wednesday, at 7:30 pm at the Sacramento County Corp. Yard at 5026 Don Julio Blvd for our Field Day kick-off, the video "The Last BIG Field Day", raffle, refreshments and great company. Visitors are always welcome!

See you there!

73, Carol Milazzo, KP4MD

Help needed.

The newsletter is always in need of items. I can use news items, photos and articles. Please submit to the Editor.

Calvin Rouse, KK6DCS

A thank you note

The club received a thank you note from Katherine M. katherine@yosemitepark.net Thanking us for our web site information that helped her students complete a project.

She recommended a website:

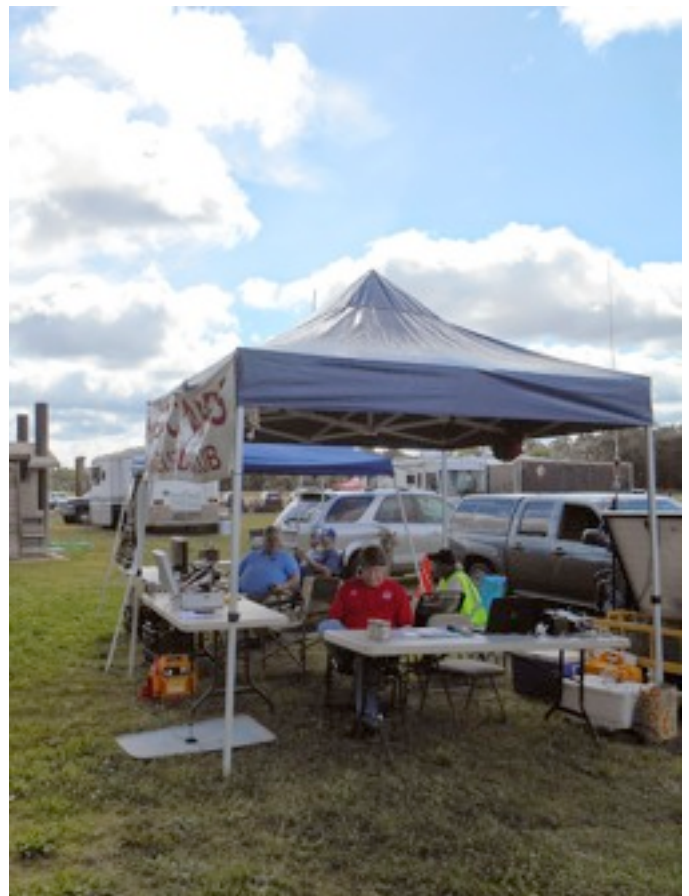

'The History of Telecommunication'

Club booth at the Dry Creek Farm and tractor meet

Bandpass Filter project

There are still some bandpass filters that need building before field day. They will help operations greatly by eliminating interference. Contact Carol KP4MD to help.
